- Ray Stephens OH
- Jennifer Brundige TN

Consider...

- How many of the semi-independent Board's characteristics does your Board have?
- Some State Board members think their Board is semi-independent, but is that really the case?

Information Gathering

- Two-part survey to be conducted
 - Part 1 – State Board Executive Directors will be asked to complete questions about their Boards' operations.
 - Part 2 – State Board and State Society Executive Directors and Presidents will be asked to complete questions about their mutual activities and communication.

Publication

- Brochure Template
 - Model brochure being composed for State Accountancy Boards to complete, print out, and distribute to State Legislators. The goal is to present a summary that quickly shows the Legislators what the Board is accomplishing each year.

We're ready

- NASBA wants to help.
- We are there to help if your Board wants to convert from being under an umbrella to more independence.
- We are there to help if your state is considering placing your Board under an umbrella organization or taking away the Board's autonomy.
- NASBA will provide speakers, materials, experts, etc., to help fight for your Board. Just let us know when you want our assistance.
